

# Teacher Credential Preparation Minor

As part of the Artists, Community and Teaching (ACT) Program, the Teacher Credential Preparation minor is for students who wish to pursue the California Single Subject in Art Teaching Credential needed to teach in California Kindergarten-12<sup>th</sup> grade public schools. As a California Commission on Teacher Credentialing approved Subject Matter in Art Program, the combined coursework of this minor with the Fine Arts BFA requirements satisfy the CA Subject Matter in Art requirements, and upon graduation, students with a minimum cumulative GPA 2.5 will qualify for a CSET (California Subject Exam for Teachers) waiver. A fifth year of study at another institution, or a two year internship at a CTC approved K-12 school, is required to complete the remaining CA Single Subject Teaching Credential requirements.

## Learning Outcomes

Students who complete the Teacher Credential Preparation Minor will:

- Develop and articulate a meaningful connection between their studio art/design practice and an engagement with their community.
- Demonstrate an understanding of the practices and theories of arts education and community engagement.
- Demonstrate an understanding of career opportunities for community-based and teaching artists/designers.
- Develop, and in some cases implement, innovative and engaging projects for school or community settings.
- Participate in professional practice training through off-campus teaching and community arts internships.
- Successfully complete the Single Subject Matter in Art requirements needed to pursue the Teaching Credential offered by the State of California.

## Eligibility

Because of the California Commission on Teacher Credentialing requirements, the Teacher Credential Preparation minor is open only to Fine Arts majors. Students must be on track in their major and in good academic standing, with no more than 6 credits behind and a cumulative GPA of 2.0.
